Sir,

Sub: Education - Fisheries - Higher Elementary School Navunda - Opening of VIII Standard in 53-54 - Proposals.

In G.O.Ms.No.3423 Development dated 7-8-52 sanction was accorded for opening standard VII in the Fisheries Higher Elementary School, Navunda in the South Kanara District and it has been opened with effect from 1-9-52. Therefore standard VIII will have to be opened during the year 1953-54 in order to make the school a complete Higher Elementary School for which the following proposal is submitted.

Ref:- From the DE No. C3-24484/52-1 dt 3.11.52
In G.O. No MS 3423 Dew dt 7.8.52

The DE renewed the sanction for the appointment of two H.E. grade teachers in connection with the bifurcation of Standards I & II. From the letter cited it is seen that the two standards have not been bifurcated and that there are nine teachers for the seven classes. As the number of teachers exceeds the number of classes by two, the DE is requested to state whether the VIII standard proposed to be opened cannot be managed with the existing teachers and if not he is requested to justify his

Sub: Education - Fisheries Higher Elementary school - Navunda - opening of VIII standard in 1953-54.

Ref: Govt. memo No.125859-F/52, dated 13-11-52. PPS-6 ck.

PP15-169(Q) PP11-12(11)c The two posts of Higher Elementary Grade teachers originally sanctioned in G.O.No.Ms.1842, Development dated 20-4-51 and continued in G.O.Ms.No.3423, Development dated 7-8-52 in connection with the bifurcation of standards I & II have not been filled up as the strength and average attendence of these two classes did not warrant bifurcation during the year. Therefore the present strength of teachers in the Navunda Higher Elementary school is five Higher Elementary grade teachers only. The Number of higher elementary grade teachers as 7 mentioned in this office letter No.24484-C3/52, dated 3-11-52 was only the sanctioned strength and not the strength in existence. I therefore suggest that one Higher Elementary Grade teacher out of the two sanctioned be appointed when standard VIII is opened during 1953-54 and the other teachers to be appointed only when strength warrants for the bifurcation of either Standard I or II. The Asst. Director of Fisheries, Mangalore states that there is every possibility of bifurcating standards I & II during 1953-54. Therefore the above suggestion may be approved and early orders passed. If the employment of a Secondary Grade teacher is found absolutely necessary proposals will be submitted requesting sanction for the employment of a Secondary Grade teacher and to keep in abeyance the post of the Higher Elementary Grade teacher after the proposed VIII standard is opened.
